

Volvo Trucks. Driving Progress

FACT SHEET

Antenna for CB radio ANT-CBR

Antenna base for CB Radio

Communication radio antenna base installation kit for the cab roof. The whip antenna can be tilted to enable adjustment to the vehicle's maximum height limits.

The installation position is the same regardless of left- or right-hand drive.

FEATURES AND BENEFITS

- Easy to adapt to maximum vehicle height.
- Factory installation reduces lead time.
- Factory installation secures installation quality and eliminates water leakage into the cab.
