ELECTRICAL DASH OUTLET

DOL24+12 Dual power outlets in dashboard, 12 V and 24 V

Dual power outlets in dashboard, 12 V and 24 V

Two power outlets provide electrical supply for equipment used in the cab.

The outlets are protected by covers and have an easily accessible location in the dashboard; 12 V (10 ampere) outlet on the driver side and 24 V (15 ampere) on the passenger side of the panel.

DRIVER APPEAL

- Access to 12 and 24 V electrical supply for extra equipment.
- Easily accessible location in the cab.
