

FACT SHEET

DRIVER'S SEAT

Driver's seat and upholstery

The driver's seat has a well-shaped seat cushion and backrest. Thanks to its advanced ergonomic design, the driver gets perfect support and seating comfort. The air-suspension system adjusts automatically to the weight of the driver.

The seat offers a wide variety of adjustments. Fore/aft adjustment is about 240 mm, while height can be altered by 100 mm – the best seat adjustment range on the market. This makes it easy for all drivers, short or tall, to find a comfortable driving position.

Upholstery can be chosen according to the Upholstery options matrix.

DRIVER APPEAL

- Comfortable and ergonomic design.
- Broad, soft seat cushion and armrests on both sides (option).
- Adjustable backrest.
- Air-suspended.
- Several adjustment options.
- Available with several upholstery levels.
